# We love wool.

At Dovre we have been working with wool for decades. To put it simple; WE LOVE WOOL.

Wool has amazing properties, making it the perfect material for every occasion, every challenge, and every adventure.

## Why wool?

Wool is one of the oldest fibers - it has been used for clothing for more than two thousand years, and it's easy to understand why; Wool is the most elastic fiber of all natural textile fibers, it can absorb up to 35% moisture without feeling wet, it naturally protects against the sun's UV rays and it has insulating and thermal properties, enabling it to regulate body temperature. In addition, wool is a strong and durable fiber with natural self-cleaning properties allowing us to create products that last.

Conversely, conventional production of wool has had a lot of issues, especially regarding animal welfare. Wool mowers are usually not paid by the hour, but by volume, which encourages quick work, without paying attention to animal welfare. One of the biggest problems in wool production is something called 'mulesing'. Mulesing is the process of restraining lambs, usually 6-12 weeks old, on their backs in a metal cradle and using shears, similar to garden shears, to cut away folds of skin around their backsides. At Dovre we do not allow

this to be practiced, and all our wool is therefore guaranteed mulesing-free and certified Organic.

## What is organic wool?

When the wool is certified organic, it helps to ensure that the sheep have been treated well. An organic certification ensures, among other things, larger stables with more space per sheep. In addition, sheep are allowed to keep horns and tails - which is not always the case in conventional wool production. At the same time, the sheep are sheared individually, which is less stressful for the animal. In the Dovre Outdoor concept, we mostly use organic wool. Finally, it is important to point out that mulesing must not take place in the production of organic wool.

When the wool is certified organic, we can ensure that the sheep are treated according to the 'five freedoms' of animal welfare:

- 1: Freedom from hunger, malnutrition and thirst
- 2: Freedom from fear and distress
- 3: Freedom from physical and thermal discomfort
- 4: Freedom from pain, injury and disease
- 5: Freedom to express normal patterns of behavior

# Dovremannen

## Kampanjeresultat

Denne våren har Dovre kjørt vår største kampanje på lang tid. Vi fikk med oss komiker Truls Svendsen og influenser Lasse Matberg, og ba dem vise frem hvordan de bruker undertøy fra Dovre.

Kampanjefilmene ble spredt i deres og Dovres kanaler i sosiale medier, og har skapt stor oppmerksomhet hos målgruppen vår. Hensikten med kampanjen var å vise frem at Dovre passer for alle menn – og at hverdagskroppen kommer i alle former og fasonger. Derav to vidt forskjellige modeller for kampanjen, i hver sin ende av kroppsskalaen.

Kommentarfeltene har kokt av engasjement, og innboksen spesielt av kvinner – som ønsker seg Dovre for dame. Det gjør at vi gleder oss ekstra mye til å slippe vår første damekolleksjon denne høsten!

Kanaler	Visninger	Klikk
Facebook/Instagram	2 737 605	11 553
TikTok	1 040 988	2 001
<b>Sum</b>	<b>3 778 593</b>	<b>13 554</b>

Kampanjen har gitt svært gode resultater. På Facebook og TikTok har vi nådd henholdsvis 800.000 og 240.000 unike brukere. Det vil si at kampanjen har blitt vist for målgruppen 3–4 ganger.

Oppsummert ser vi på stor eksponering av merket og økt trafikk til [dovre.com](https://dovre.com).

Det er vi godt fornøyde med!

## Dette katalog er et Cradle to Cradle certificeret produkt.

Det betyder, at du sidder med et garanteret bæredygtigt trykt produkt, som er 100% biologisk nedbrydeligt og helt fri for skadelige kemikalier og tungmetaller.

Det betyder også, at KLS Pureprint i forbindelse med udarbejdelsen af kataloget har genbrugt jordens ressourcer i en naturlig cirkulær proces uden skadeligt affald, som er giftigt for mennesker og miljø.

Cradle to Cradle er verdens strengeste miljøcertificering og garanterer, at et produkt hverken forurener eller bruger jordens begrænsede ressourcer, men derimod indgår i naturens egen cyklus. Det sikrer også, at de trykte produkter produceres under så miljøvenlige forhold som muligt.

Ved bortskaffelse bør papiret afleveres som papir til genbrug og metal-spiralen som metal til genbrug.

## This catalogue is a Cradle to Cradle certified product.

This means you are holding a guaranteed sustainably printed product that is 100% biodegradable and completely free of harmful chemicals and heavy metals.

This also means that KLS Pureprint has produced this catalogue by recycling the earth's resources in a natural circular process without any harmful waste that is toxic to humans and the environment.

Cradle to Cradle is the world's most stringent environmental certification, and guarantees that a product does not pollute or use the limited resources of the earth, but instead is integrated in nature's own cycle. It also ensures that the printed products are produced under conditions that are as environmentally friendly as possible.

When disposing of the catalogue, the paper should be handed over as paper for recycling and the metal spiral as metal for recycling.

# A true specialist

Since 1939, JBS Textile Group has been creating high quality men's underwear. We believe that comfort and the perfect fit are achieved through expertise, experience and constant attention to detail. That's the approach we take with every product we make. And it reflects our passion, values and standards.

JBS is the largest supplier of underwear in Scandinavia. But, over the years, we have branched our expertise into other areas of the textile industry. Today, 16 brands are part of the JBS family – each with its own unique identity and audience.

Each day, more than 100,000 products are sent from our warehouse in Denmark – to retailers and stores in more than 50 countries. We are always exploring new materials and functions – but never lose sight of our principles and values. That's the approach of a true specialist.

In this catalogue, you find detailed information about our four men's brands: JBS, Egtved, Dovre and Claudio.
